Mr. Day provided the June performance report, noting that the return for the year ending June 2012 was negative, but that the results of the September update were significantly better. He noted that the Plan's investment performance was better than the benchmarks, and added that his research has not indicated that a below-average ten year return is likely to lead to a below-average 30 year return. As of October 23, 2012, the Plan had \$1,701,985,426.42 in assets.

Mr. Sidrys summarized the meeting of the Investment Subcommittee. He advised that the Subcommittee had reviewed the finalists for the hedge fund allocation, was recommending Aetos Capital, based on their investment philosophy and their match with the investment needs of the Plan. On motion by Mr. Burke, seconded by Mr. Owens, the Trustees approved the recommendation of the subcommittee. On motion by Mr. Sidrys, seconded by Mr. Acevedo, the Trustees approved a redemption of the full investment of the Plan in Crestline, in order to use those monies to fund the Atos investment.

Mr. Kallianis described the request the Plan had received from the Mesirow private equity fund for an extension of one year, through October 31, 2013. He noted that Gray & Company recommended the extension, and that such requests are routine. On motion by Mr. Kelly, seconded by Mr. Burke, the Trustees granted their consent to the extension.

Sarah Cachat of The Townsend Group provided a report on the Plan's real estate performance through June 30, 2012, reviewing the performance of each manager individually.
